THE POWER OF BLUE

Today, Blue Cross Blue Shield companies cover 82 of America's Fortune® 100 employers. In 2016, BCBS companies collectively invested more than \$250 million in communities across the country to help address some of our nation's most pressing health care challenges. And, BCBS employees donated more than \$11 million to community and social causes.

At Independence, our nearly 80-year commitment to investing time and resources toward improving lives and building healthier communities was illustrated in 2016 by more than 1,000 Blue Crew volunteers who participated in 243 projects totaling 8,334 hours throughout our region.
